

The growth driven approach of Union Budget 2021 and substantial investments in almost all the areas have given a big boost to revive the economy! The current Union Budget has prepared a national plan by providing a record sum of Rs. 1,10,005 Crs. to create 'future ready' Railway system in India. EPI has also joined the same league by bagging the construction of 25 nos. RoBs valuing Rs. 1072 Crs. (approx.) across the nation.
