Message on Foundation Day

Dear Colleagues,

It gives me immense pleasure in greeting you and your family members on the 51st Foundation Day of our Company.

I feel proud and honored to be leading a conglomerate that has successfully steered through the testing times of business and has sustainably created value for all its stakeholders.

As you may aware that EPI has now diversified into many new verticals of infrastructure to take advantage of the excellent opportunities being provided by great initiatives like Atma-Nirbhar Bharat and unprecedented budgetary allocations in almost all the sectors of nation building. This will propel EPI to become a dominant player in the domestic market and will drive growth at the top line as well as bottom line.

In last one year EPI has taken many initiatives to cut costs, maximize revenue and improve project efficiency. These have to go unabated. We all know that last financial year has been a difficult one for the construction industry as a whole. However, with the massive roll out of vaccination, FY 2021-22, is expected to see a sharp recovery. With the hard work and support of each one of you, I expect EPI to do very well from the current year onwards.

Let me also use this opportunity to re-emphasize that EPI will always uphold the interest of its Clients as supreme guiding principle and will always conduct in a fair and transparent manner with all its stake holders.

I sincerely thanks you all for being a valuable part of this wonderful company and once again congratulate you all on this momentous occasion.

Stay safe, stay healthy and follow protocols.

Jai Hind.
